DISCUSSION

Incremental fee increases are proposed for the review cost for regulation of property transfers with onsite systems, which address operational costs. No increase is proposed for individual Property Transfer Inspector permit fees. This revenue will allow the Department to provide required services including reviews, inspections, education, and investigations and to protect the public from illness and the spread of disease. This revenue was part of the FY 13/14 Budget that was approved by the City Council.

These fee increases will also be taken to the County Board for approval.
